## About Me

---

I am a Software Engineer, and Digital Nomad who has freelanced and worked full-time at startups to grow their platform businesses.

A believer that high-quality code and high-impact work can be done anywhere in the world, I have been working remotely from Asia for the past 2 years. While working remotely, I have created project that i most proud of Integrate with payment Allobank when opening of allobank festival who invited RED VELVET and NCT Dream and mostly indonesian fans is consider high. and able to complete it flawlessly.

Lastly, I am multilingual (English, Japanese, Indonesian) and able to collaborate with diverse teams to create global products.
