glints Academy

CURRICULUM VITAE

RIZKY IAN INDIARTO

SUMMARY

This is Ian, who is taking the Back End course in our own Glints Academy Batch 6 and mainly learning about Node.js. Even though he is mainly learning about Node.js, he also learns a fair amount of ReactJs. For his final project at GA, he and his team built a web-based application called PROTRA.. He is currently very motivated to explore his capabilities by taking a new opportunity to start his international career, especially in foreign companies.
